

LED Injection Module

KEY FEATURES

- Back with stronger self-adhesive tape.
- ABS body material,UV resistance,oxidation resistance
- Every module as an unit,it is cuttable.
- White and black body
- IP65 waterproof grade.
- No color shift,uniform light.
- 50 modules per chain

APPLICATION

- Advertising signs
- Advertising light box
- Windows decorations,etc

PERFORMANCE SUMMARY

Model No.	YS-M41131	MC-6M01-XXXX
Wattage/module	3LEDS,0.72w	6LEDS,1.44W
LED Type	SMD5050	
Input Voltage	DC12V	
IP grade	IP65	
PCS/chain	50pcs/chain	
Driving method	constant voltage	
Available LED color	white,red,green,blue,yellow,cool white,warm white,RGB	
Available body color	white/black	

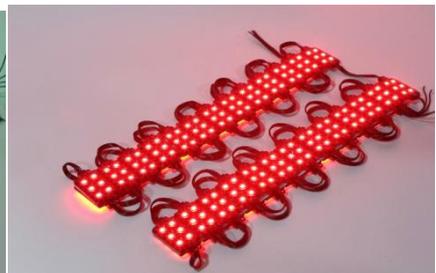

ORDERING GUIDE

P/N:MC-6M01-XXXX

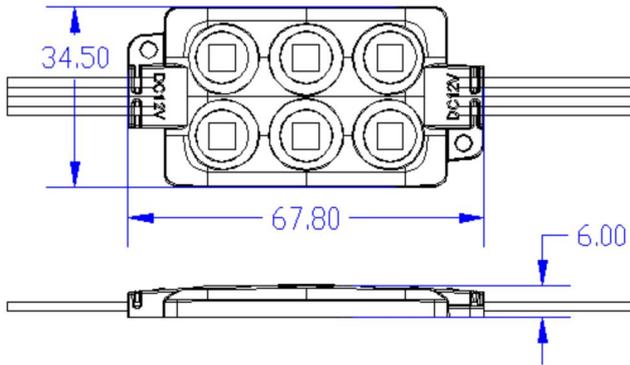

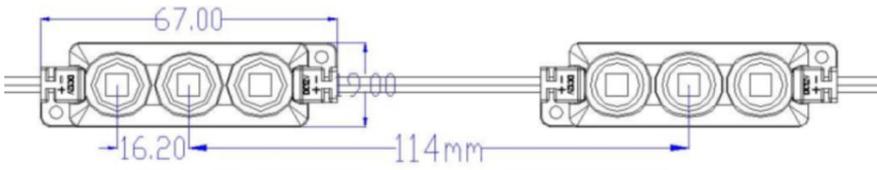

The first "x" and second "X" can be any two letters to represent LED color: CW=cool white, CH=RGB, BL=blue, RL=Red, WW=warm white;

The third "x" and fourth "X" can be any two letters to represent module body color: WB=white body, BB=black body;

P/N	Order Item No.:	Note
