- Energy-saving Performance - Designed with a 10W LED spotlight that provides efficient lighting while minimizing energy consumption. Perfect for illuminating your outdoor spaces effectively without compromising on energy savings

• Spec.:

Watt: 10W

LED Input voltage: DC12V

Light source: COB; CRI>90

Efficiency: 100LM/W

Color temperature: 6000K; 3000K; 4500K

Dimmable: Non dimmable

Diffuser: Relector

Beam angle: 100°

Material: heavy duty die-casting aluminum

Aiming: 180°horizontal

Dimension: D3.35" x H12.2"

IP Grade: IP67

Case color: Black
